Subject: SMS Rule - responses to your review questions

Hello Matt,

I sent this to you a few days ago, and just received a weird notice that it wasn't delivered. Not sure if it's a problem with Ecology or EPA's servers... But, could you reply and let me know you received this?

Thank you for your thinking on the draft rule. We appreciate the early dialogue. I've developed some responses to your preliminary comments and questions regarding your review of the draft SMS rule. I agree it would be beneficial to have further discussion. Perhaps after you've had time to review the responses we can talk.
